

High School Student School Supply List

- Please purchase the exact item and color requested below.
- Assume all students in 9th and 10th will have English, Math, Science, History and an Elective (any other color but the ones listed below). If you are unsure of what your child will need, purchase the supplies for all high school classes and wait to receive their schedule at orientation for the remainder.
- Students will receive their exact schedule at orientation on August 14th. We will not be able to tell you before the 14th!
- **Please write your child's name on ALL of their school supplies. This will alleviate confusion and lost supplies. We will not be able to keep track of student supplies if names are not on them. You may drop your labeled supplies off in the principal's office on orientation day.**
